

Blue Streak

G capo 4 (B)

G Bm
I'm riding a blue streak tonight
Em Bm
Thinking about you and I
C Am7
Walking away from another conversation
C Am7
Feeling the weight of the words so badly chosen
C D
And always as I'm leaving what I find

Em
Midnight skies streaked with blue
Bm
Lonely souls streaked with blue
C
Don't you know that we're both wrong
Am7
When we're both right
C
And here am I
D G
Riding a blue streak tonight

I'm riding a blue streak tonight
How come when you say black
I just have to say white
And we throw the words like weapons at each other
Till we get to a place where we have to run for cover
And under cover of the silence in my mind

Are midnight skies streaked with blue
Lonely souls streaked with blue
Don't you know that we're both wrong
When we're both right
And here am I
On a slow moving blue streak tonight

Bridge

 C D
But a blue streak's not so bad

 Em
Gives me time to stop and think about

 C D
All the years we've had together

 Em
And one more time we'll work it out

 C D
So in the meantime, I'll just stay

I n Midnight skies streaked with blue
Lonely souls streaked with blue
we both know that we're both wrong
When we're both right
And here am I riding a blue streak
Tonight on a slow moving blue streak
just fine riding a blue streak tonight
