

The Long Road Back

D G D G D G Em A

D

I'm walking down this long road

Em D

This long road back to you

C G

My feet are blistered in my shoes

C G

My heart so weary with the task

Em D

Of walking back to you

Yours was such a short road

you traveled with such grace

Though the road was rough and rutted

You walked upright and strong, as I try to do

On this long road back to you

You taught me, when we shared the road

Of love and hope and courage

Perhaps you knew I'd need those things

As I slowly take the million steps

On this long road back to you

G

D

And your smile will light your sister's eyes

G

D

Your voice ring in your brother's laughter

G

D

Forever young in our hearts and minds

A

You'll be there

So I continue on this long road
this long road back to you
Sometimes, when the road is darkest
When I stumble, and I can't go on
You'll put your little hand in mine
We'll walk together, for a while
On this long road, oh this long road, back to you.
